MARISOLV® 9000

Solvent

Product description	**Advantages**

The MARISOLV® 9000 is a special solvent for use with the MARISEAL® SYSTEM

- Good compatibility with PU coatings.
- Excellent solubility.
- Suitable for use by hand application

Uses	**Consumption**

The MARISOLV ® 9000 is used as a solvent for use in combination with the MARISEAL®, liquid-applied waterproofing membranes.

Addition to the MARISEAL 250 in a ratio of 4-8%.

Application

Mix the MARISOLV® 9000 into the MARISEAL 250 with mechanical mixer at a ratio of 4 to 8% by weight.
For detailed application instructions, contact our R+D department.

Packaging

MARISOLV ® 9000 is supplied in 16 kg, 4 kg and 1kg pails. Pails should be stored in dry and cool rooms for up to 18 months. Protect the material against moisture and direct sunlight. Storage temperature: 5^0-30^0C. Products should remain in their original, unopened containers, bearing the manufacturer's name, product designation, batch number and application precaution labels.

Safety measures

MARISOLV ® 9000 contains xylene. Flammable. See information supplied by the manufacturer. Please study the Safety Data sheet. PROFESSIONAL USE ONLY
